

Hello, my name is Carol Walters, school counselor at Beaufort Middle School. I will be working with students in the 6th Grade Arts Integrated, and 7th and 8th Grade Classical Studies Program. In 1991, I graduated with a B.S. degree in Elementary Education from George Mason University and worked as an elementary school teacher in Virginia and South Carolina. I also graduated with a M.Ed. degree in Counselor Education from the Citadel in 2001 and worked as an elementary school counselor for many years before moving to the middle school level. My goal at Beaufort Middle School is to help all students have a successful year and reach their fullest potential.
