One of our main focus points for our educators and students during the 2019-2020 school year has been the “7 mindsets.” The 7 mindsets emphasize ways in which one thinks about themselves, their surroundings, and the future especially during challenging times. Little did we know how important these 7 mindsets would be for all of us this year! Because of this experience and our 7 mindsets, I believe we all will be stronger when we come out on the other side of the COVID-19 Pandemic! History is being written! We hold the pen! Together, we will write the BEST story for our children!

Please contact our teachers, school counselors, social worker, or administrators if you or your students need support. Stay strong! Stay healthy!

Serving you,

The Beaufort Middle School Team
